

ABHINAND MEETHELE VALAPPIL

FULL STACK WEB DEVELOPER

@mvabhinand2005@gmail.com | 📞 +91 8826246605 | 🔗 [LinkedIn](#) | [GitHub](#)

SUMMARY

I am a Computer Science Engineering student at SRM IST Delhi NCR with a strong passion for full stack web development. My technical experience includes building responsive web applications using HTML, CSS, JavaScript, React, Node.js, and working with databases such as MySQL and PostgreSQL. Previously, I co-managed a YouTube channel with over 147K subscribers, where I developed skills in digital strategy, content planning, and audience engagement. I'm eager to apply my technical and creative skills as a Full Stack Web Developer Intern.

TECHNICAL SKILLS

- Python
- JavaScript
- HTML & CSS
- SQL
- Node.js
- Express.js
- C/C++
- Java
- React.js
- Wordpress
- Flask
- Bootstrap
- Git

PROFESSIONAL EXPERIENCE

Co-Founder & Content Creator

March 2024 - March 2025

Co-led growth of a 147K+ subscriber YouTube channel by creating content, leveraging data-driven strategies, and boosting audience engagement.

PROJECTS

Accounting System Web App ([Link](#))

Tech Stack: Python, Flask, SQLite, HTML/CSS

- Developed a web-based accounting system with user authentication, transaction management, and database integration.
- Used Flask and SQLAlchemy to handle backend logic and persistent data storage.

Blogging Platform ([Link](#))

Tech Stack: Python, Flask, SQLite, Bootstrap

- Created a blogging site with post creation, editing, and deletion features.
- Implemented user-friendly UI with Bootstrap and used python , flask for backend routing and data handling.

To-Do List Application ([Link](#))

Tech Stack: Node , Express, EJS, PostgreSQL

- Built a dynamic to-do list app with CRUD operations and a responsive interface using EJS templates.
- Used PostgreSQL for task storage and Express for backend API handling.

EDUCATION

SRM Institute of Science and Technology

Aug 2023 - May 2027
